ATTN: BASEBALL CAMP

Seton Hill University Baseball **A Tradition of Excellence**

Coming off Back-to-Back PSAC Championships in '17 & '18, Seton Hill Baseball continues to shine as one of the premier Division II programs in the country. The Griffins led the PSAC in offense in 2019 and we'd love to share our hitting ideas with young players!

Our camps and clinics will continue to teach and stress the same fundamentals that have allowed our players to become successful at the collegiate level. Our hitting camp is designed to build on skills from week to week with hands-on drill work and instruction.

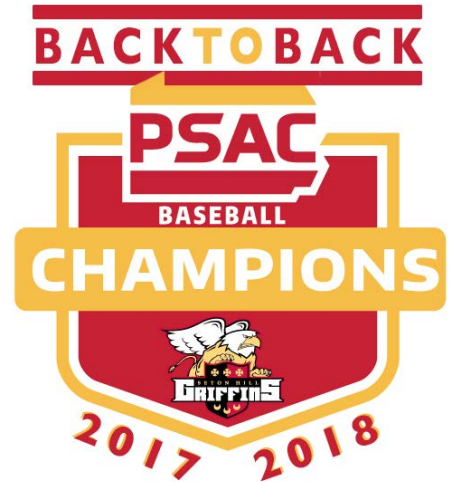

Our goal is to spread excitement and knowledge throughout the baseball community in Western Pennsylvania. We want to assist younger players in learning proper techniques and concepts that will raise the level of youth baseball in Westmoreland County and beyond.

All sessions are held in Sullivan Gymnasium. The facility has three indoor batting cages, two pitching machines, and soft-toss & tee areas.

Each session will include in-depth instruction on swing mechanics and philosophies of hitting used at the collegiate and Major League levels. Campers will work through specific hitting drills and live hitting, as well as receive video analysis of their swings.

Campers are encouraged to attend all three hitting sessions as we will progressively build off each session with instruction and drills.

Besides being a great value – 6 hours of hitting for \$100 – Campers receive the benefit of being evaluated week to week on their individual performances.

Space in the camp is limited in order to provide the most individual instruction possible for all players. Participants will be accepted on a first-come first-serve basis until **11/23/19**. After that date walkups will only be accepted if space permits. We encourage you to register as early as possible to ensure your spot in the camps.....SESSIONS WILL FILL UP QUICKLY!!
